

Clough Cares Application Form

Clough actively supports a wide range of community organisations and activities in the communities in which we live and work. Preference is given to initiatives that deliver ongoing broad benefits in the areas of children, youth and/ or education.

Please note Clough does not support individuals, interstate or overseas travel, conferences, religious activities, projects that duplicate existing Clough activities or projects where there is a conflict of interest.

Requests for assistance are considered against criteria such as Clough's current objectives and activities, ability to meet with shareholder approval, the ongoing benefits of identified community programmes and whether support has already been provided to the organisation in any given financial year.
